

GMYN

Greater Manchester's Hidden Talent Youth Panel

Finding work can be tough for young people but we don't think it should be.

GM's Hidden Talent Youth Panel are a group of young people aged 18-25, who have experienced unemployment.

We volunteer to make employment easier to access for young people and we'd love for you to join us!

- We help employers understand young people by giving them advice and sharing our experiences of job-seeking.
- We talk to young people on the GM's Hidden Talent programme to make sure it's helping them towards work in the best way possible.
- And we do lots of training, development and social activities as a group, too!

We meet regularly on Fridays from 12:30-2pm on Zoom, alongside some face-to-face activities, too.

Want to get involved? Drop Quina a message!
07599827322, Quina.Chapman@gmyn.co.uk

"On the youth panel, you can make changes for yourself and other people. It's not scary! You can express your thoughts easily." – Saraa

The Youth Panel is part of GM's Hidden Talent programme, which is a youth employment programme for young people aged 18-25 years old. Young people receive 1:1 support from Talent Coaches, who help them on their journey towards employment.
