

## Supporting Ageing in Place Proposal Form

### Tips for good proposals:

- Make sure you answer the questions – think about what we are asking for
- Make sure you read the **Proposal Guidance** - If you have any questions please contact us
- Make sure you provide evidence. For example, if you say ‘we can reach marginalised communities’ provide examples of how you will do this
- Stick to the word count. Make sure you provide us with the information we need to assess your proposal. Don’t waste the word count telling us about things that are not related to what is being asked

If you need any support developing a project idea or with the process, please get in touch by emailing [ambition@gmcvo.org.uk](mailto:ambition@gmcvo.org.uk)
